

Riders of the Week

January 23 - January 27

Victor Garcia

Victor Garcia has been chosen for Rider of the Week by Mrs. Brookshire. His favorite movie is *Friday Night Lights* and for fun he likes to play with his brothers on his PS4. When he grows up Victor wants to be an auto-mechanic because he loves cars. His role models are all of his coaches. They may be a little hard on him but they are just trying to make him better and teach him to never give up. Mrs. Brookshire says, "Victor is nice, smart, and a joy to teach. He is in a challenging class, but despite my attention often being directed elsewhere, I have noticed how helpful and wonderful he is. Not only does he help his peers in any way he can, but he is also empathetic. He notices when people are feeling low, and he takes action. He is a great writer, a complex thinker, a problem solver, and is a great example of what all Riders should aspire to be."

Jessenia Salinas has been chosen for Rider of the Week by Mrs. Burlison. Her favorite book series is *The Trylle Trilogy* and for fun she likes to go on adventures with close friends. Her role model is Sandra Bullock because she is an amazing, caring and loving woman. Jessenia says Bullock is very independent and worked her way to be where she is. When she grows up Jessenia wants to be a professional business accountant because she wants to work her way to be her own boss. Mrs. Burlison said, "We talk constantly about students taking ownership of their learning. This young lady does that!! She is talented, smart and respectful. I appreciate her creativity and hard work ethic."
