

Celebration of Excellence

Employee of the Month

CMS – Cynthia Tomlin

College attended: I graduated from SFA in 1991.

Years in education: I have been in education for 26 years. I started my career at Excelsior ISD teaching Pre-K for 3 years. I became part of the CISD family and I have taught Pre-K, 2nd grade and currently am teaching 6th grade Math.

Who is your greatest supporter/inspiration? My greatest supporter without a doubt is my family. The most positive influence in my life has been my Mother. She is the most humble, loving, and positive woman I know. I thank her and my family for always encouraging and supporting me.

Why did you choose to become an educator? I chose to become an educator because "I LOVE TO TEACH". I have always enjoyed working with children and helping them to learn. There is nothing more rewarding than seeing a student achieve their goals.

What makes a good teacher? A good teacher is someone who cares, supports and works each day to make a positive impact in the life of each student. A good teacher is flexible and is always looking for ways to reach each student that comes into their classroom.

A career in education means constant growth. What is one area in which you wish to improve?

What do you love about CISD? I love my CMS family! Everyone is caring and always there to help each other out.

From Around Campus:

I call Cindy one of my "moms" on campus. If I have a not-so-good day, just need advice, or a laugh...Cindy is my go to person. She's always working before and after school to help her kids succeed. I see her dedicated and hardworking every day. I'm blessed to not only work with her but also be great friends with Cindy! :)

She truly loves the students she teaches. She is tutoring every morning and after school everyday. She is the type of teacher I would want to teach my kids.

I've taught with Cindy for 17 years! She has always been such an inspiration to me, getting things done and doing what's best for her students. She has a great sense of humor, which sure helps those around her get through the week. I think Cindy is one terrific teacher and person!

She truly teaches the students. You can pass by her room 1st-8th period and you will see and hear her teaching her class. She is very much a hands on teacher. She is an excellent teacher that really cares for each and every student.
