

Celebration of Excellence

Employee of the Month

CIS – Kristina Hooks

Years in Education: 6 Amazing Years (including Substitute Teaching)

Who is your greatest supporter/inspiration? I have been blessed with the best support system EVER! Growing up I was raised by an AMAZING Mom and Grandma. They taught me to be honest, hard working and to be independent. As an adult, I have my wonderful husband of 19 years and my 4 beautiful children. They have taught me how to love beyond measures, how to be fair, and how to have patience (most of the time!) among many other things. Without this strong support system, I would not be who I am today.

Why did you choose to work in an educational setting? The kids!! Plain and simple. I love seeing the growth of the students from year to year. Listening to their hopes and dreams of the future, seeing how their personalities change, and watching them become the next generation to make a difference in our Country.

What makes a good teacher (or employee)? Being versatile. Things in a school setting change from one minute to the next. Being able to jump from one task to another on a moments notice is very important in keeping a school running smoothly.

A career (in education or otherwise) means constant growth. What is one area in which you wish to improve? Furthering my education

What do you love about CISD? What I love most about CIS is that you have a second family here. You always have someone to laugh with, vent to, and cry with if needed. I could not ask for better coworkers than the ones I have here!!!

From Around Campus:

Kristi is always willing to help in any way she can. She wears many hats and does a great job at balancing all her job responsibilities.

Kristie does so much to make sure things in the office run smoothly. From making sure we all have second period attendance to scheduling parent conferences Kristie does it all, she even helps out by running a reading group each morning!! With all the things she does she definitely deserves employee of the month.

She is dedicated to both her work and her family. She is fun to have on campus.
