Who is your greatest supporter/inspiration? My greatest inspiration and supporters were my parents. They were hard workers and instilled in me to do my best even if I didn't like what I was doing at the time. My mother encouraged me to become a teacher because she respected the position and thought I had a nurturing personality. My sister Luciana Barr also had a hand in me becoming a teacher because she loved it and thought I would be a good teacher. Our family comes from a long list of educators that also inspired me and I had many teachers that I respected and admired throughout my life.

Why did you choose to become an educator? I chose to become an educator because I have always loved children and wanted to inspire them to be the best they can be.

What makes a good teacher? A good teacher is someone that is compassionate, nurturing, and loves all children no matter their circumstances. Also, willing to try different strategies and styles to reach each individual child.

A career (in education or otherwise) means constant growth. What is one area in which you wish to improve? I wish to improve my technology support in education.

What do you love about CISD? Center ISD is like a big extended family that takes care of their own. We support each other and encourage each other to do our best. I love my Center roots and my CISD family on all campuses.

From Around Campus:
