

# Riders of the Week

February 27 – March 31

Katlan Sowell

**Katlan Sowell** has been chosen for Rider of the Week by Jessica Shadix. Her favorite movie is *Top Gun* and she enjoys working out, fishing and hunting. Her mother is her role model because she is always there when she needs her. When Katlan grows up, she wants to become a Game Warden because the job will keep her outside, and it requires her to deal with the law. Mrs. Shadix chose Katlan because she is “extremely hardworking and helpful at all times. She’s very quiet, but is eager to participate and gives 100% effort in everything she does.”

**Valerie Ramirez** has been chosen for Rider of the Week by Mrs. Low. Valerie’s role model is her mother because Valerie says, “she has been through so much, yet she remains strong. She always keeps her head high and does everything possible to provide the best for us.” When it comes to a future career, she says, “At this moment, I am not very sure, but I know for a fact I want to do something in the medical field. I love working with people and just helping people.” For fun, Valerie loves to play soccer, dance, and hang out with family and friends. Mrs. Low says, “Valerie is an inquisitive, intelligent young lady. She pushes herself to excel at everything she does, and she is not satisfied unless she has done her best. Valerie is smart and funny, and has a great sense of humor. She is positive and her “can do” attitude is contagious.”
