“Jesus and Elizabeth are role model students who will both be successful and contribute to their community. ”

Jesus Bustos

Jesus Bustos is 13 years old and in 8th grade. His favorite movie is *God's Not Dead*. His role models are his mom and dad because “they are both hardworking.” He likes to play soccer and play with his family. Jesus wants to be a residential architect because "I love building and I like to draw random lines and squares. I'm always curious on how buildings are made." Coach Shannon says Jesus is a “very respectful and responsible guy! He is always on top of his grades and works very hard in and out of the classroom.”

Elizabeth Bustos is 14 years old and in 8th grade. Her favorite movie is *The Space Between Us*, and she enjoys traveling, shopping, and swimming. Her role model is her cousin Victor because he was the first one in her family to go to college and graduate with honors. Elizabeth hopes to be an entrepreneur one day because she wants to manage her own business, creating her own ideas. She would be the first one in her family to have a business. She says her personality is kind of bossy, so having this career would be perfect for her. Coach Donna Shannon says, "What a sweet and caring girl!! Elizabeth is always giving her best in the classroom and is always willing to help others.”
