

Riders of the Week

February 16 – February 19

Lilly Chisenhall has been chosen for Rider of the Week by Mrs. Radney. Lilly says she loves to gather dead flower petals, put them in a bucket and throw them around for fun. Her favorite book is *Princess Black* because the princess helps to protect the sheep so that the monster does not eat them. Lilly's role model is her grandmother because she takes care of all her grandchildren because they all live with her. When Lilly grows up, she wants to become a florist because she loves to be around fresh plants and flowers. Lilly's teacher, Mrs. Radney, says, "Lilly has a giving heart and tries to always think of others. Lilly shows qualities of a caring and hardworking lady. Recently, she earned a very important part in the class Christmas program and was glad to put in the extra time to learn her lines, resulting in a wonderful program. Lilly does her best and gives it her all in everything she does, from academics to athletics. This is just a few reasons that Lilly is a super star at CES."

Mrs. Jurecka has chosen **Jace Radney** for Rider of the Week. Jace enjoys playing tag with his brother when he gets home from school and watching his favorite movie, *Teenage Mutant Ninja Turtles* because they always win. His role model is his father because he takes the time to help him with baseball before he has to go to work. When Jace grows up, he hopes to become a police officer because they help to keep people safe. Jace's teacher, Mrs. Jurecka, says "Jace is always helping other students when they need help. Jace believes in following rules and sets a great example for other students to follow. He is a responsible and respectful child that does his best in everything. These are a few reasons why Jace is a super star at CES."
