

Celebration of Excellence

Employee of the Month

CHS – Alice Lynch

College attended: University of Texas
- Austin

Years in education: 42+

Who is your greatest supporter/inspiration? My dad modeled hard work and helping others. He has always been my greatest inspiration but Ms. Burleson keeps me going on a daily basis.

Why did you choose to become an educator? I am passionate about learning and wanted to share that. Also, I had great teachers and wanted to be like them.

What makes a good teacher? Someone who is passionate about kids and learning and who is willing to stay the course

A career in education means constant growth. What is one area in which you wish to improve? Better time management so I can integrate more technology into the classroom

What do you love about CISD? I love the chance to work with some of the best educators that I have ever had the privilege to work with.

From around campus:

“No one works more consistently and diligently for the betterment of her students. She outworks most all of us!”

“Her dedication to her students and her craft is beyond words. I know that Alice takes some grief because of her no nonsense but when you really peel back the layers she is a teacher who cares if her students learn!!!!!!!!!!!!”

“Ms. Lynch is a great teacher. She is good at explaining (math) where we understand it. When she teaches, I get it off the bat. She’s not the excited type, but she’s down to Earth. She makes you want to learn.”

“She explains (math) in the way that she thinks would be the best for us. Her classroom is a better learning atmosphere.”

“Her sister-in-law had brain cancer and they said she only had six months to live. She made 1000 cranes and she stayed alive longer. She ain’t all that mean. You just gotta get your work done.”
