Who is your greatest supporter/inspiration?
Bryan Parker, my fiance, is my greatest supporter. He has always encouraged me to do my best and assisted me with ideas. Also, he doesn't even bat an eye as I practice my educational raps in the living room with my three-year-old singing in the background. I couldn't ask for a better man and father.

Why did you choose to become an educator?
I chose to become a teacher because I want to be able to make an impact in a child's life even if it's a small one. I want to be able to spark students' creativity and encourage them to think outside the box.

What makes a good teacher?
A good teacher is one who loves their job their job, refuses to accept failure from her students, and thrives to make an impact.

A career in education means constant growth. What is one area in which you wish to improve?
I am constantly searching for new innovative ways to convey my knowledge to my students.
