

Riders of the Week

January 4 – January 8

Alexis Lopez

Mrs. Andrews has chosen **Alexis Lopez** for Rider of the Week. He loves to play football, soccer and run during his free time. In seventh grade, Alexis says, “I was our best long distance runner. I was proud of that. I accomplished my goal. My motivational words were, “success is earned, not given.” Alexis wants to be an orthodontist when he grows up. He chose to be an orthodontist because they make a lot of money and he has always envisioned himself helping people get a better smile. His favorite movie is *World War Z*. His father is his role model because he has taught Alexis how life works and has taught him how to overcome people and not believe that everyone is your friend. He says, “I am very proud that I have a dad that cares for me.”

Brooklyn Roland has also been chosen by Mrs. Andrews for Rider of the Week. Her favorite movie is, *Remember the Titans*, and she loves to play basketball with her brother and text her friends. When Brooklyn grows up, she plans on becoming a CNA because she wants to provide basic care to patients that are ill. Her role model is her mother because she leads her down the right path and tells her what is right and wrong.
