

Celebration of Excellence

Employee of the Month

FLM – Celia Aguilar

College attended: I studied my Bachelor's Degree in Education in Mexico, "Escuela Normal Superior de Mexico."

Years in Education:
2000- 2008 in Mexico; 2008-Present in Center

Who is your greatest supporter/inspiration? My kids and my husband have been my greatest support and inspiration, they have motivated and encourage me to set a goal and go for it.

Why did you choose to become an educator? I decided to become a teacher because it is amazing how the kids can see the great potential you have as an educator, they look at you with different eyes and even though you believe you are teaching them something I am the one who has learned from them the most beautiful lessons of life.

What makes a good teacher? In my opinion what makes a good teacher is the one who creates a classroom environment that make their students want to come back to class, the one who makes their students discover we all have potential and the one who create good memories.

A career in education means constant growth. What is one area in which you wish to improve? I would like to take a Master's Degree related with art in early childhood because I would like to help my students to discover that all of us can be an artist.

What do you love about CISD? Center ISD has been my home since I moved from my country, I have received the greatest support from my principals, administrators and co-workers, I have been blessed to get to this District.

From around campus:

“Always optimistic and willing to learn, she manages her class very well.”

“She is the most patient and caring person with her kids that I have ever seen.”
