

# Riders of the Week

May 8 - May 12

Mr. Shane Corbell chose two of his sixth grade girls as our Riders of the Week at CMS. Both girls are excellent students in class who always do their very best. They are very respectful young ladies and they have outstanding attitudes towards everything and everyone.

**Emilie Rojas** is twelve years old and she says her role model is her dad because he works very hard every day to provide his family with the things they need. Her favorite movie is *The Longest Ride* and her favorite book is *Just Another Girl*. She likes to listen to music or read a book when she has a spare minute.

**Alondra Dominguez** is eleven years old. Her favorite book series is *Harry Potter*. Her role model is her mom because she works really hard for Alondra and her sister. She inspires Alondra to work harder in the future. Alondra likes to hang out with her cousins and play video games with them in her spare time.

We are very proud to have two such outstanding young ladies as our Riders of the Week.
